 English, German & French

 258,30€

 Associate Price

246€

The amounts mentioned include VAT at the normal rate in force.

The **Advanced Level** qualification is aimed at people who have achieved an advanced point in their careers in software testing. This includes people in roles such as testers, test analysts, test engineers, test consultants, test managers, user acceptance testers and software developers.

This **Advanced Level** qualification is also appropriate for anyone who wants a deeper understanding of software testing, such as project managers, quality managers, software development managers, business analysts, IT directors and management consultants.

To receive **Advanced Level** certification, candidates must hold the **Foundation Certificate** and satisfy the Exam Board which examines them that they have sufficient practical experience to be considered **Advanced Level** qualified.

To get the **Advanced Level** certification, candidates must hold the **Foundation Certificate** and have sufficient practical experience.

CONTENTS
